Software:

Useful sites:

- Free copies of HLM papers from the Journal of Management can be found at [http://www.findarticles.com/p/articles/](http://www.findarticles.com/p/articles/)
• A free electronic version of Multilevel Statistical Models (Goldstein, 1995) is available from the author's homepage.
• Don Hedeker's MIXREG/MIXOR programs and documentation can be found at his Mixreg/Mixor homepage

General multilevel texts and estimation:

Growth models/longitudinal data:

• Cudeck, R., Klebe, K.J. (2002). Multiphase mixed-effects models for repeated measures data. Psychological Methods, 7, 41-63.

### Binary outcomes (HGLM models):

**Cross-classified random effect models:**

**Missing data and multiple imputation:**

**Weighting:**

**Latent variable analysis:**

**Power:**

**Mediation:**

**Meta-Analysis:**

**Multivariate (HMLM) models:**

**Centering:**

Item response models:

Psychometric Applications:

Assumptions and Diagnostics:

FIRC models and automated imputation:

**Papers by Steve Raudenbush not listed above:**
